

4-Port USB Charger with Interchangeable Face Cover

Model No: 62000-4USB5.8

Displayed with SI8831 (sold separately)

Description

Forget bulky adapters, plug all your gadgets – phones, tablets, smart watches, fitness bands, Go-Pro's, bike computers – straight into these quad smart USB charger for super fast charging. With quad USB ports, they charge all your devices at their maximum charging speeds up to 5.8amp total. This is brilliant because inferior alternatives (eg. 0.5A & 1.2A) will have you waiting for far too long.

Features

- 4 USB ports with a super high-current power of 5.8 Amp total, 5VDC
- Charge most compatible electrical devices directly without an adapter
- Replace a standard duplex receptacle
- Overload protection (USB circuit)
- Suitable for all commercial and residential installations such as kitchens, bedrooms, offices, retail, hospitality and education facilities
